WELCOME FROM DEER GENETICS NZ LTD

Hello and welcome to our 2023 2yr Sire Stag and Elite Hind Sale.

Well, what a 12 months we have all had. Bring on 2023!

We have catalogued 16x 2yr stags and anticipate putting 10 – 12 up for sale. You will see we have Lot 1A and a Lot 1B. We are wanting to keep an Antiochus the Great DG son for sire duties but are unsure at catalogue time which one to retain.

Not that long ago any of the first 10 lots would have been retained for breeding duties here at DGNZ. The quality of the catalogued stags as you will see here is next level. I don't believe we have offered a line up of stags quite like this before.

Come and see for yourself!

We have a range of 1yr and MA hinds on offer, including some special lots like a full sister to Kyamites DG, and daughters of Pleistarchus DG, Antiochus the Great DG and Deucalion DG, and more. Hind lots are fawning on our hill block and will be available for delivery end of the first week of march.

Epimetheus DG

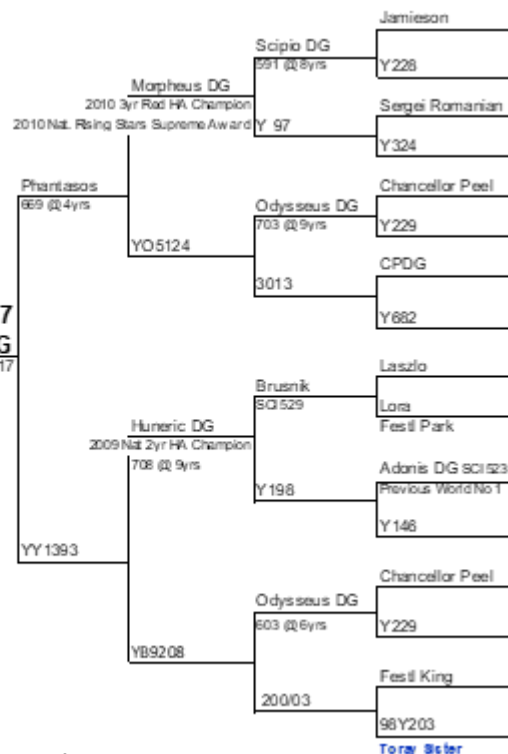

Epimetheus DG @ 3yrs

530 @ 2yrs

2yr comments (2019)

Epimetheus DG is a full brother to what was our biggest scoring 2yr old at the time, Prometheus DG, 479 @ 2yrs back in 2016. Epimetheus DG has overtaken his brother by 51 inches scoring 530 @ 2yrs with 27 x 36 points. Huge scoring pedigree in Prometheus with sire Phantasos DG 669 @ 4yr old, Huneric 709 at 9 yr old, and Odysseus scoring over 700. As a 2yr old, Epimetheus had a massive T1 of 17 and 17.4 inches. T2 on left is 21 inches. Both T3s split 6 ways with T4 on the left splitting 8 ways and on the right an awesome 12 way split, totalling 86 inches on his right T4 alone.

Phantasos DG

Phantasos DG 669 @ 4yrs

Proof of a great stag is when his progeny are better than himself.

The Phantasos - Huneric crosses we are producing are spectacular, indicated by the fact that of the first crop of sons 4 out of 8, who were kept as sire stags, are Phantasos sons out of Huneric daughters.
